ABOUT ME

I'm Yasir Faizan, a passionate and self-motivated Web Developer with a strong foundation in front-end development. I specialize in building responsive websites using HTML, CSS, Bootstrap, and JavaScript. Currently expanding my skills through a Modern Web Development program at S.M.I.T I.T Training Center, I've also completed my F.Sc from Muslim Commerce College, Peshawar. I have hands-on experience with real-world projects developed during my training, and I'm eager to bring my creativity and technical skills to professional environments. Fluent in English, Urdu, and Hindi, I strive to create clean, user-friendly web experiences that solve real problems.
